Work Areas

NAVALIS GROUP carries out decoration, furnishing and repair of living spaces:

- Design and production of elite marine furniture of various types and styles made of precious wood (ash, beech, alder, oak, maple);
- Facing the surfaces of boards, ceilings and decks;
- Facing elements with expensive decorative materials;
- Exclusive decorative terrace coverings;
- Covering walls and floors with marble.

We use the highest quality materials and modern technology for all types of work.

Public & Passenger Area

Space Transformation. Evaluate our work to enhance public and passenger spaces on a ship. From luxurious living rooms to charming staterooms, our team of experts create interiors that redefine comfort and style at sea. We strive to ensure that every inch of your vessel reflects sophistication and functionality.

Crew ship Area

Comfort starts in the cabins! We specialize in creating comfortable and functional interiors for crew cabins on ships. Our team pays attention to detail to ensure the comfort and convenience of crew members. Create the perfect environment with our help!

Utility Area

Utility Area Interiors. We provide solutions for a wide range of spaces including bridges, air-conditioned cabins, galleys, laundry rooms, kitchens, stores and engine rooms. We optimise space and create functional and aesthetically pleasing interiors in each of these spaces on the ship.
